

Assignment 5 – Online Meeting Dialogue

Freelancer: Good afternoon! My name is Ahmed Fathy, and I am a Data Analyst. It's a pleasure to meet you. Thank you for taking the time to discuss your project with me.

Client: Nice to meet you too, Ahmed. I'm looking for someone to create a Power BI dashboard for my sales data.

Freelancer: That sounds interesting. Could you tell me more about your business and what you would like to see in the dashboard?

Client: I own a retail business with several branches. I want to track sales, profit, and the performance of each branch.

Freelancer: Great. Do you already have the data prepared in Excel or another format?

Client: Yes, I have the data in Excel, but it needs some cleaning before the analysis.

Freelancer: No problem. I can clean the data, build the data model, and create an interactive dashboard with KPIs, charts, and filters. Do you have a deadline for the project?

Client: I would like to receive the final dashboard within five days.

Freelancer: That timeline works for me. May I ask about your budget for this project?

Client: I was thinking about \$120.

Freelancer: Thank you for your offer. Since the project includes data cleaning, analysis, dashboard design, and testing, I believe \$150 would be a fair price.

Client: That sounds reasonable. Can we agree on \$140?

Freelancer: Yes, that works for me. We have a deal.

Client: Excellent. When can you start?

Freelancer: I can start today and I will keep you updated on my progress throughout the project.

Client: Perfect. I appreciate your professionalism, and I look forward to working with you.

Freelancer: Thank you very much. I'm excited to work on your project and deliver a high-quality dashboard. Have a great day!

Client: Thank you. Have a great day too.
